Version No:	1.0
Subject:	NHS SERVICE AGREEMENT renamed to NHS SERVICE CONTRACT
Effective Date:	Immediate
Reason for Change:	Name change
Publication Date:	4 July 2023

Background:

The "NHS Standard Contract and Who Pays? team" at NHS England have requested that all references to NHS SERVICE AGREEMENT be renamed to NHS SERVICE CONTRACT to reflect the fact that the NHS operates on the basis of binding contracts for services, not less formal service level agreements.

 - NHS SERVICE AGREEMENT CHANGE to NHS SERVICE CONTRACT CHANGE
 - NHS SERVICE AGREEMENT LINE to NHS SERVICE CONTRACT LINE
 - SERVICE PROVIDED UNDER AGREEMENT to SERVICE PROVIDED UNDER NHS SERVICE CONTRACT
- Adds the following new Classes:
 - COMMISSIONER ORGANISATION IN NHS SERVICE CONTRACT
 - PROVIDER ORGANISATION IN NHS SERVICE CONTRACT
- Retires the Class PROVIDER IN SERVICE AGREEMENT as it is not used anywhere.

 - SERVICE PROVIDED UNDER AGREEMENT TEXT STRING to SERVICE PROVIDED UNDER NHS SERVICE CONTRACT TEXT STRING
- Adds a note to the following Attributes and Data Elements to advise of the renaming of the Classes and/or the new item names:
 - Attributes:

 - NHS SERVICE AGREEMENT IDENTIFIER
 - NHS SERVICE AGREEMENT LINE IDENTIFIER
 - NHS SERVICE AGREEMENT LINE NUMBER

NON-CONTRACT ACTIVITY

Change to Supporting Information: Changed Description

~~Non-Contract Activity~~ is the term used to refer to an NHS-funded SERVICE delivered to a PATIENT for whom an Integrated Care Board has responsibility, where there is no written NHS SERVICE AGREEMENT in place between the relevant Health Care Provider and that Integrated Care Board. Non-Contract Activity is the term used to refer to an NHS-funded SERVICE delivered to a PATIENT for whom an Integrated Care Board has responsibility, where there is no written NHS SERVICE CONTRACT in place between the relevant Health Care Provider and that Integrated Care Board.

This is an NHS-funded SERVICE delivered to a PATIENT by a Health Care Provider which does not, at the point at which that SERVICE is delivered, have a written NHS SERVICE AGREEMENT in place with the Integrated Care Board which has responsibility for the PATIENT (as determined under the "Who Pays?" rules published by NHS England), but which does have a written NHS SERVICE AGREEMENT CHANGE for the delivery of that SERVICE in place with at least one other Integrated Care Board. This is an NHS-funded SERVICE delivered to a PATIENT by a Health Care Provider which does not, at the point at which that SERVICE is delivered, have a written NHS SERVICE CONTRACT in place with the Integrated Care Board which has responsibility for the PATIENT (as determined under the "Who Pays?" rules published by NHS England), but which does have a written NHS SERVICE CONTRACT for the delivery of that SERVICE in place with at least one other Integrated Care Board.

NHS England's Contract Technical Guidance sets out further details on Non-Contract Activity, including on when a Health Care Provider must or may provide a SERVICE to a PATIENT on a Non-Contract Activity basis.

COMMISSIONING SERIAL NUMBER

Change to Data Element: Changed Description

Format/Length:	max an6
National Codes:	
Default Codes:	

Notes:

[COMMISSIONING SERIAL NUMBER](#) is the same as attribute [NHS SERVICE AGREEMENT NUMBER](#).

From 01/04/2001 this data item will be used to identify [PATIENTS](#) treated under [Non-Contract Activities](#). [NHS Trusts](#) and [NHS Foundation Trusts](#) are required to insert the letters 'OAT' (mandated input as capitals) in the first three characters of the [COMMISSIONING SERIAL NUMBER](#) field of the Admitted Patient Care Commissioning Data Set. The remaining three characters will continue to be defined locally, see [DSCN 17/2000](#).

From 01/04/2005 an '=' (equals) as the last significant character in this six character field will indicate an episode that should be excluded from the [National Tariff Payment System](#) tariff.

The position of the last character depends on any preceding characters eg 1st character if field is otherwise blank, 4th character if following 'OAT', up to a maximum of 6th position. This provides a general exclusion facility for unusual

circumstances or where more specific rules regarding coding in other fields cannot be implemented due to local software restrictions.

Note: the Format/Length has been updated in [Data Dictionary Change Notice 1808 "Correction of Format/Length Data Elements"](#). The Data Set specifications that contain this item will be updated in the next version of the Information Standard where it is not already correct.

Where the [ACTIVITY](#) in the [Commissioning Data Set](#) record should be excluded from the [National Tariff Payment System](#) tariff, an '=' (equals sign) should be entered as the last character in the [NHS SERVICE AGREEMENT IDENTIFIER](#).
