NHS Data Model and Dictionary Service

Type:	Data Dictionary Change Notice
Reference:	1444
Version No:	1.0
Subject:	Retirement of Standards
Effective Date:	1 April 2014
Reason for Change:	Retirement of Standards
Publication Date:	27 February 2014

Background:

The Information Standards Board for Health and Social Care (ISB) has conducted a review of all Data Set Change Notices (DSCNs) and Information Standards Notices (ISNs) issued since 1987, to update its portfolio of standards prior to the handover of responsibility to NHS England, the Health and Social Care Information Centre (HSCIC) and Public Health England. The full list can be found on the ISB Advanced Notification - Withdrawal issued 26/09/13.

This review has identified a number of items in the NHS Data Model and Dictionary which do not have a Data Set Change Notice or Information Standards Notice and are not used within a data set in the NHS Data Model and Dictionary.

This Data Dictionary Change Notice (DDCN) retires items in the NHS Data Model and Dictionary:

- which do not have a Data Set Change Notice or Information Standards Notice and are not used within a data set in the NHS Data Model and Dictionary or
- were included in DSCN 19/2010 "Central Returns: KA34 Ambulance Services" but not used within the data set.
