Health and Social Care Information Centre

NHS Data Model and Dictionary Service

Type:	Data Dictionary Change Notice
Reference:	1440
Version No:	1.0
Subject:	Retirement of Review of Central Returns (ROCR) - Genitourinary Medicine Access Monthly Monitoring Data Set
Effective Date:	Immediate
Reason for Change:	Retirement of Data Standards
Publication Date:	24 January 2014

Background:

The recent Department of Health Fundamental Review of Data Returns has recommended the discontinuation of a number of regular data collections.

A number of Central Returns are to be discontinued as they will cease after the conclusion of the Fundamental Review.

This Data Dictionary Change Notice (DDCN) retires the following Data Sets in the NHS Data Model and Dictionary which are discontinued.

- Genitourinary Medicine Access Monthly Monitoring (GUMAMM) Data Set

GENITOURINARY MEDICINE ACCESS MONTHLY MONITORING DATA SET OVERVIEW (RETIRED)_ renamed from GENITOURINARY MEDICINE ACCESS MONTHLY MONITORING DATA SET OVERVIEW

Change to Supporting Information: Changed Description, Name, status to Retired

The Department of Health requires this data set from NHS providers of specialised services, where the primary function of the specialist clinical multidisciplinary team is concerned with the provision of screening, diagnosis and management of sexually transmissible infections and related genital medical conditions. In line with the national strategy for sexual health, Human Immunodeficiency Virus (HIV), genitourinary medicine services are represented as level three providers. This information is collected via the Genitourinary Medicine Access Monthly Monitoring Data Set.This item has been retired from the NHS Data Model and Dictionary.

The Genitourinary Medicine Access Monthly Monitoring Data Set provides essential information for The last live version of this item is available in the November 2013 release of the NHS Data Model and Dictionary.

- monitoring the 48 hour access target
- assurance of validity and veracity of the achievement of the target
- support for local service modernisation, performance management and commissioning required to assure 48 hour access on an on-going basis

Collection and Submission of the Genitourinary Medicine Access Monthly Monitoring Data SetAccess to this version can be obtained by emailing information.standards@hscic.gov.uk with "NHS Data Model and Dictionary - Archive Request" in the email subject line.

- The Genitourinary Medicine Access Monthly Monitoring Data Set is a monthly provider based return.
- Provider returns must be submitted by the 18th (or next working day) for the previous calendar month. Commissioner returns are due by the 25th or nearest next working day.
- The data is submitted via Unify2, the Department of Health online data collection system. NHS providers enter their data onto Unify2 using an upload.

Synopsis of the Genitourinary Medicine Access Monthly Monitoring Data Set

- REPORTING PERIOD, ORGANISATION CODE (CODE OF PROVIDER), ORGANISATION CODE (CODE OF COMMISSIONER) and SITE CODE (OF TREATMENT)
